

COUNCIL ON DIVERSITY & COMMUNITY SPEAKER SERIES:

Dr. Lamont R. Terrell

Wednesday, January 13, 2016

“Pathways to Science” Luncheon & Seminar

The Council of Diversity & Community Speaker Series is designed to bring distinguished speakers from various STEM disciplines to MSU to share their experiences. At the luncheon, graduate students and post docs will have an opportunity to talk informally with the speaker about his personal experiences, obstacles he’s faced, and issues of work-life balance. During the seminar, Dr. Terrell will share his perspective on diversity and community with the broader MSU community. Everyone is welcome at the seminar!

Dr. Terrell is a highly skilled senior chemist with 10+ years of experience in early drug discovery. He has worked with GlaxoSmithKline since 2008, and he earned his PhD in Organic Chemistry at Michigan State in 2001. In 2013 he received the GSK Exceptional Scientist Award.

12:00-1:00pm – Luncheon
for graduate students &
post docs (Catering by Cosi)
481 Chemistry Building

For luncheon, please RSVP to Ani Hristova at hristov1@cns.msu.edu by noon on January 12
