Dear Ms. Alumna,

A mutual acquaintance, Jo King, recommended that I contact you for advice. I am currently exploring the possibility of entering the field of medical equipment sales. As an MSU Human Biology alumna working this field, you have insight that could prove extremely valuable to me.

I also am a Human Biology major, and expect to graduate this May. I'd really like to learn how you made the transition from college life to industry, and any advice you can offer to a new graduate.

Knowing how busy you are, I would be most grateful if you could spare a few minutes of your day for me. I will call your office shortly to arrange a meeting at a time that is convenient for you.

Thank you so much for your help.

Sincerely,

Justin Case
